Proposal: asdadadadadadad

Brief summary:

asdadasdadsadsadsaasdadsa

Proposal Team

Principal Investigator:

Carl Carlsson
Roberts, Reilly and Gutkowski
Strategist

Co-proposer:

Nils Nilsson, Pfannerstill and Sons

General information

Indicators

Links with industry?

yes

If yes, please describe:

asdads

Are any of the co-proposers students?

yes

Does the proposal work towards a students degree?

yes

Final delivery date

2019-10-15

Please motivate the chosen date

This question is not mandatory and was not answered.

New embellishment

Crystallization

Crustallization

Is crystallization applicable

Yes

Name of molecule to be crystallized

This question is not mandatory and was not answered.

FASTA sequence or Uniprot number:

This question is not mandatory and was not answered.

Molecular weight(kDA):

This question is not mandatory and was not answered.

Oligomerization state:

This question is not mandatory and was not answered.

PDB ID of crystal structure

This question is not mandatory and was not answered.

If the reference is publicly available, please provide the DOI or an accessible link:

This question is not mandatory and was not answered.

If the reference is not publicly available, please upload a copy.

This document has been appended to the proposal

Does the protein have any co-factors or ligands required for crystallization? Specify:

This question is not mandatory and was not answered.

Known crystallization precipitant composition:

This question is not mandatory and was not answered.

What crystallization method, volume, and temperature have you used in the past?

This question is not mandatory and was not answered.

How long do your crystals take to appear?

This question is not mandatory and was not answered.

What is the typical size of your crystal?

This question is not mandatory and was not answered.

Details from protein preparation

Typical yield:

This question is not mandatory and was not answered.

Storage conditions:

This question is not mandatory and was not answered.

Stability:

This question is not mandatory and was not answered.

What buffer is your protein in?

This question is not mandatory and was not answered.

Is your protein partially or fully deuterated?

This question is not mandatory and was not answered.

What protein concentration do you usually use for crystallization?

This question is not mandatory and was not answered.

Biological deuteration

Is biological deuteration applicable

No

Chemical deuteration

Check box to select chemical deuteration

No

Application for pension scheme

Advisor	Lars Thøgersen Hardam, pension@aon.dk
Advisor Company	AON
Phone No	32697070

Change of Policy No. - N16 According to section 53a

Employee details

Name	Carl Frederik Fredrik Thomas Bolmsten

Address 1	Gyllenkroks alle 3, Lund, Sweden
Address 2	Lund
Country	Sweden
Tax code	19900219-5858
Phone No 1	46 46 888 34 46
E-mail	kenn.vandenborre@esss.se Fredrik.Bolmsten@esss.se
Occupation	Opdateres senere
Employee group	Alle medarbejdere

Employer details

Company	European Spallation Source
CVR No	35439749
Registration No	04334350

Your pension scheme might be covered by collective agreement limitations. If the choices you have made do not follow the regulations of the collective agreement, your pension scheme will be adjusted in a way that is possible.

Entry into force

Entry into force	1 June 2019 6 May 2019
------------------	--

The effective date will be the first of the month following the employee's signature

Investment

Percentage distribution	VækstPension 100%
Growth pension risk profile	High
Management of growth pension savings	Active Management

Modification of savings product and/or profile applies for both the value saved to the pension scheme and for future contributions. However, this is conditional on a signed form regarding internal transfer.

Disbursement of savings

Pension scheme according to section 53a

Declaration of acceptance

My pension scheme will not involve any deductibility for the contributions during my international/domestic secondment. I am still covered by the company pension agreement and the contributions for my pension scheme will continue.

If I am not fully liable to pay tax in Denmark, I have been informed

- That I can contact SKAT (Danish tax authorities) for further information on possible exemption from Danish taxation of pension investment returns (PAL) on my pension scheme with Velliv during my international/domestic secondment
- If SKAT has issued a PAL exemption declaration to me, I must send a copy of the declaration to Velliv before it becomes effective

I confirm by my signature below that

- ~~- I was born in Denmark,~~
- ~~- I am not a national of any other country than Denmark,~~
- ~~- I do not have an address in any other country than Denmark,~~
- ~~- I do not have permanent residence in any other country than Denmark,~~
- ~~- I do not have a proxy with an address in any other country than Denmark,~~
- ~~- I do not have fixed transfers to any other country than Denmark,~~
- ~~- I do not have income, interest or the like which to my knowledge is comprised by tax rules in any other country than Denmark~~

~~I do not have a telephone number in any other country than Denmark,~~ Our disclosure of information takes place in accordance with CRS (Common Standard on Reporting and Due Diligence for Financial Account Information) and the United States tax law FATCA (Foreign Account Tax Compliance Act)

You may find the information on your tax affiliation in Netpension when we have submitted it to SKAT. If you have any questions, you are kindly requested to contact SKAT before signing the declaration. SKAT will be able to help you clarify your tax affiliation.

AON has via e-mail informed the employer that Carl Fredrik Thomas Bolmsten, born 19 February 1990, is subjected of Section 53A from 1 June 2019.

Declaration

Other

I have received information about the tax treatment of the insurance policy. I understand that the insurance policy must be in accordance with the company's tariff.

The pension scheme is established in accordance with the company's insurance conditions applicable from time to time and the company pension scheme between the employer and the company.

Declaration

I hereby declare that the answers and information given are truthful and that I have not withheld information. I understand that the insurance cover may be reduced or the insurance policy may be terminated if my answers are not completely truthful or if I have withheld information.

The request for Velliv is a result of a counseling conversation between the adviser and the policyholder.
